October 23, 2015

Dr. Timothy D. Sands
President, University Council

Dear President Sands,

With this letter, the Faculty Senate at Virginia Tech endorses the proposed changes to the University Honor System for undergraduates as outlined in Resolution CUSP 2015-16.A, which is under consideration by University Council. The office of the Undergraduate Honor System and its Director and Assistant Provost, Dr. James Orr, worked closely and diligently with the Faculty Senate to address a number of concerns expressed by the faculty. As a result of timely and effective communication, numerous changes were incorporated into the Policy and the accompanying Manual to accommodate faculty concerns. This process culminated in much improved documents that, upon adoption, will serve the students, faculty, and the university well for future generations.

Respectfully on behalf of the Faculty Senate,

Rami A. Dalloul, Ph.D.
President, VT Faculty Senate
